

Mariachi Mexico

With the warm weather and summer months fast approaching, outdoor dining in Armonk has become a fun and creative way to take in the beautiful scenery in North Castle. This summer, there will be a total of four outdoor dining options. Mariachi Mexico brings authentic Mexican cuisine to Main Street here in Armonk.

The authentic yet casual feel of Mariachi Mexico makes it a perfect outdoor dining spot. It is equipped with a small patio located at the front of the restaurant offering cool margheritas on a hot day along with homemade salsa and tortilla chips. The only downside to this lovely eatery is the slanted patio that may cause minor chair tilting. “If you want to experience the pulse of Armonk while dining on authentic Mexican food, Mariachi Mexico cannot be beat,” said Jeffrey Binder, owner of Armonk Fencing Club.

Whether you are looking for a cool spot to sip drinks or a dinner spot on a warm summer’s night, the town of Armonk offers many dining options outdoor this summer. This place will give you an excuse to get out of the house, enjoy the scenery, and indulge in great food of course!
